

Journey to College

Student Ambassador Search

The Missouri Department of Higher Education & Workforce Development is recruiting 10 students to represent Missouri college students and appear in publications, videos, and on websites and social media pages that help thousands of students prepare for college each year. We are looking for a variety of students to represent today's college students.

Selected students will participate in a group photo and video session to get a variety of indoor and outdoor shots. Information, photos and footage of each student will be used in a number of publications and promotional materials for MDHEWD throughout the next few years. Students may be asked to continue to partner with MDHEWD to help create online content to reach students in the future.

Please send this completed application, two digital photographs of yourself, taken within the last three months, to social@dhewd.mo.gov by Wednesday, March 23.

Name: _____

School attending: _____

School address: _____

Permanent address (if different): _____

Phone: _____ Email: _____

Height: _____ Age: _____ Year in school: _____
